

CLIL LESSON/ACTIVITY PLAN

CLIL FORM

- FULL LECTURE
- FULL SEMINAR
- FULL LAB

- CLIL ACTIVITY IN A LECTURE
- CLIL ACTIVITY IN A SEMINAR
- CLIL ACTIVITY IN A LAB

DATE 27 NOVEMBER 2020

TEACHER doc. Ing. LADISLAV MOROVIČ, PhD.

TOPIC ADDITIVE MANUFACTURING BY UV LCD

MAIN AIM

- understanding the process of additive manufacturing method by ultraviolet / liquid crystal display (UV LCD)
- interpretation of the additive manufacturing method by ultraviolet / liquid crystal display (UV LCD)

SOURCES

- the AM method of UV LCD video made specifically for the needs of the CLIL lesson / activity, presented in English,
- other videos,
- internet links, etc.

SUBJECT CONTENT AIMS

SUBJECT: COMPUTER AIDED TECHNOLOGIES AND SYSTEMS.

SUBJECT CONTENT AIMS:

- understanding the process of additive manufacturing (AM) method by ultraviolet / liquid crystal display (UV LCD),
- understanding the pre-processing and post-processing,
- getting to know the main parts of the UV LCD machine,
- interpretation of the above listed aims in English,
- development of work with foreign language literature,
- development of teamwork,
- development of presentation skills in a foreign language.

LANGUAGE AIMS

- technical terms / specific register in English,
- interpretation of the AM method of UV LCD in English,
- process description in English,
- machine description in English,
- discussion in English.

TOOLS FOR SUBJECT CONTENT

- the topic was first lectured in Slovak language weeks before the lecture in English language,
- explanation of the principle in text form in Slovak language,
- technical illustrations,
- figures,
- videos,
- applications.

TOOLS FOR LANGUAGE

- the AM method of UV LCD video made specifically for the needs of the CLIL lesson / activity, presented in English,
- videos in English,
- internet links,
- presentation structure,
- presentation skills,
- strategies for presentation,
- useful phrases.

COMPREHENSION/ASSESSMENT

- based on presentations (taking into account both teamwork and individual work):
 - content requirements from a technical point of view,
 - graphic design,
 - selection and correct citation of literature,
 - presentation in English language,
- discussion in English language (alternatively in Slovak language),
- answers to questions in English language (alternatively in Slovak language),
